Resolution

By Mr Bagamane Devagowda

This Council recommends to the Government of His Highness the Maharaja that Railway and Education Cesses be levied at the rates prevalent on all Income-tax payers in the State

Reply

There seems to be no objection to the levy of Railway and Education cess on income-tax, but these will be payable only by income-tax payers in the local areas where these cesses are being levied The matter will be considered

MR S C MALLIAH and others prayed that (*a*) the license fee imposed on Talimkhanas might be cancelled and free license granted and that (*b*) a small grant might be given to these institutions as they were meant to improve the health of the youths of the country

They added that at present there were certain restrictions on talimkhanas that the Government were rendering much assistance to the Boy Scouts that as the talimkhanas were also equally important it was the duty of the Government to render necessary help and encouragement to physical exercises

THE SECOND MEMBER OF COUNCIL said that the question of giving encouragement to talimkhanas was under the consideration of the Economic Conference that some control over talimkhanas was found desirable and that the rate of license fee fixed on talimkhanas was reduced from Rs 10 to Rs 5

MR S C MALLIAH and others prayed that as the Education Cess was levied only on Land Revenue and as many who derived the benefits of education from the Department of Public Instruction escaped payment of the cess the cess might be levied on Government Officers and those who resided in municipalities and escaped payment thereof

THE THIRD MEMBER OF COUNCIL replied that Government would consider the question of how to tax the people who now escaped the payment of the Education Cess

MR DASAPPA and others stated that in the olden days the school masters were enforcing greater discipline and control over the character and study of the students that at present a new spirit was pervading their minds that the school masters should be enjoined to maintain strict discipline and control over the students that they should keep a record of their addresses and the names of their parents that if anything went wrong with the students they should inform not only their parents but also their departmental officers and take timely measures to prevent them from going headlong that it would be desirable to have a committee for each school as was done in the case of the colleges by the University so that a batch of students in the respective blocks of
